

WPC Equipment License

Wireless Planning and Coordination Wing

Licence

Equipment type approval and dealer possession licence for satellite short burst data terminals operating in the 1616 to 1626.5 MHz band, reference ETA 2025 SAT 20881.

Scope

Covers import, possession, sale and installation of the KS 100 terminal within India. Vessel operators are covered under the general licence exemption for maritime mobile satellite terminals fitted to registered vessels.

Validity

Valid to 31 December 2027. Renewal is administrative provided the equipment specification is unchanged. The next generation terminal will require a fresh type approval, budgeted at Rs 4.2 lakh and eleven weeks.

Compliance

Annual returns of equipment sold have been filed for FY25 and FY26. No show cause notice has been received.
