

Founding Team

Founders and key hires

Verdant Climate was founded in 2025 and is based in Kozhikode. The founding team is set out below, with the background relevant to this business.

Remote sensing lead, Co-founder and CEO

Doctorate in remote sensing, six years on land use change modelling.

Carbon markets lead, Co-founder

Took two agroforestry projects through Verra validation before this.

Field operations lead, Head of Field

Ran a state agricultural extension programme across three districts.

How the team divides the work

Remote sensing lead	Commercial, fundraising and the board
Carbon markets lead	Product, operations and delivery
Field operations lead	The function named in the role above, reporting to the CEO
Decisions requiring both founders	Hiring above a defined band, pricing changes, any commitment over Rs 10 lakh

Working history

The founders have worked together since before incorporation and hold vesting schedules running to 48 months from the date of the founders agreement. No founder has left and no founder holds an outside operating role.
