

Farmer Collective MOUs

Memoranda of understanding with 34 collectives

What the MOU commits

- Nellara commits to a minimum weekly offtake, payment within 48 hours of collection, and publication of the next day price by 20:00.
- The collective commits to grading at source, exclusive supply of the contracted SKUs during the season, and access for a Nellara quality officer.

Coverage

- 22 collectives in Wayanad, principally Kalpetta, Sulthan Bathery and Mananthavady blocks.
- 12 collectives in Malappuram, principally Nilambur and Wandoor blocks.
- Together they represent 1,240 registered farmers and about 640 acres under contract.

Termination

Either side may exit on 30 days notice. Two collectives exited in FY26, both because a state procurement scheme offered a higher notified price for paddy rotation.

Dispute handling

Weight disputes go to a joint re weigh within 24 hours. Price disputes are escalated to the collective's board. No dispute has gone to arbitration.
