Company summary, July 2026

## What Nellara does

Nellara AgriChain buys produce directly from farmer collectives in Wayanad and Malappuram, moves it on its own cold chain, and delivers graded and invoiced produce to retailers, hotels and restaurants in Kozhikode, Thrissur and Kochi.

## Why buyers switch

- A single agreed price fixed the night before delivery.
- Graded and weighed at the hub, so no rejection at the receiving gate.
- GST compliant invoicing, which the mandi chain cannot offer.
- Delivery windows of two hours, not two days.

## Where the business stands

|                               |                                     |
|-------------------------------|-------------------------------------|
| Monthly GMV, July 2026        | Rs 1.42 crore                       |
| Wastage rate                  | 7.4 percent, down from 22.1 percent |
| Gross margin                  | 21.3 percent, up from 8.0 percent   |
| Retail accounts live          | 61                                  |

| Farmers supplying             | 1,240 across 34 collectives         |
| Repeat order rate             | 84 percent                          |
| Monthly burn                  | Rs 11.4 lakh                        |

## What the round funds

Two additional cold chain hubs, working capital to keep farmer payment inside 48 hours, and a dedicated retail sales team for the Kochi corridor.
