

Shareholder Agreement

Executed SHA, angel round of November 2025

Parties

The company, the three founders, and the seven angel investors of the November 2025 round.

Key terms

- One investor director seat, currently held by the lead angel.
- Reserved matters covering new share issues, borrowings above Rs 50 lakh, related party transactions and any change of business.
- Founder vesting over 48 months from November 2025 with a 12 month cliff, already served.
- Tag along rights for investors on any founder secondary. Drag along above 75 percent.

Anti dilution

Broad based weighted average, applying only to the CCPS issued in the angel round.

Information rights

Monthly management accounts within 21 days, quarterly board pack, and audited accounts within 120 days of year end. The company has met all three in every period.
